The adventure starts in Port Moresby on September 7, 2018. Nearly all flights arrive via Brisbane, Cairns, Sydney, Singapore or Tokyo. We encourage you to arrive on the 7th and no earlier as there are few things to do in Port Moresby.

You might consider overnighing in Australia (or wherever your entry point is) on the night of the 6th to ensure your on-time arrival on the 7th in Port Moresby. This will also help you get over jet lag.

**NOTE** – This accommodation is **quite basic** and likely will consist of a thin mattress on matted floors, an outside pit toilet and bucket baths. Expect that we will all be sleeping in one large room. Meals will also be simple (taro, sago and chicken). There is no electricity in this community except for a few hours via a generator in the evening. A mosquito net is a must although it may be available at the home (we'll let you know a couple of months prior to departure about availability).

★ **HIGHLIGHT!** Arriving in the **rural Sepik region** and meandering through the many waterways are highlights all on their own. Numerous tribes reside in this region.
