Day 3

Monday, August 10, 2020 – Wewak – Sepik River

Meals: Breakfast, Lunch, Dinner

Today we'll enjoy an early breakfast and then drive about four hours to the river, stopping at roadside markets along the way. We'll then take a **motorized canoe to a nearby village, Kanganamun**, where we'll be welcomed by a singsing. We'll then visit the **village's haus tambaran** (spirit house).

Overnight at homestay in Kanganamun.

NOTE – This accommodation is **quite basic** and likely will consist of a thin mattress on matted floors, an outside pit toilet and bucket baths. Expect that we will all be sleeping in one large room. Meals will also be simple (taro, sago and chicken). There is no electricity in this community except for a few hours via a generator in the evening. A mosquito net is a must although it may be available at the home (we'll let you know a couple of months prior to departure whether this will be provided by our hosts).

HIGHLIGHT! Arriving in the **rural Sepik region** and meandering through the many waterways are highlights all on their own. Numerous tribes reside in this region. While boating along the Sepik River and its tributaries, we'll see many of the local people who still maintain their **age-old traditions**, including **crocodile hunting**.

Day 4

Tuesday, August 11, 2020 – Sepik River

Meals: Breakfast, Lunch, Dinner

Today, we'll visit nearby villages while experiencing the **tranquility of the Sepik River**. At these villages, we'll visit spirit houses and be able to see (and purchase) fine handicrafts and artifacts. We'll also see how the locals **cook sago** (a plant starch), **carve wood, paint on bark** and other materials, and **weave baskets**. Watching these kinds of activities will give us some insight into exactly how the people in this area live. We may also see different kinds of birds that inhabit the area and, if we're lucky, a crocodile.

Overnight at homestay in Kanganamun.

HIGHLIGHT! These villages, located on the banks of the river, are known for their wide variety of **carvings and crafts**. We'll have a chance to meet and **visit with the carvers** and bring home some authentic handicrafts from this very remote area.

Viewing the performers in a smaller venue is a great opportunity to **photograph them up close** while they are adorned with paint, bird feathers and other natural and man-made materials.

The performers will be donning outfits typical of the Mt. Hagen Show, yet each is completely unique with personalized **feathered plumes from birds of paradise, pig tusks, shells** and spectacular **body paintings**. During this mini-show, we will see a demonstration of **traditional fighting** utilizing bows and arrows, as well as a **marriage ceremony**.

The group will also visit a cultural center where ancient objects such as **skeletons and spirit stones** are exhibited. These are maintained by the tribal chief and his five wives.

Dinner and overnight at Magic Mountain (private lodge) in the Mt. Hagen area.

Saturday, August 15, 2020 – Mt. Hagen

Meals: Breakfast, Lunch, Dinner

Following breakfast, the group will leave for the **Mt. Hagen Show**. Weather depending, the group will depart early enough to see the singing from the beginning (**performers preparing for the show**) to finish (**final singing and dancing**).

This day will be a full one as we'll watch performers from around the country. Be prepared to **see anywhere from 75-90 very different tribes**. Late in the day, the group will return to the lodge.

Dinner and overnight at Magic Mountain (private lodge) in the Mt. Hagen area.

HIGHLIGHT! This particular show is unlike anything you will ever experience. Ever. We'll have the opportunity to **wander among these tribes** while they are singing and dancing—**all tribes performing simultaneously**. Count on each group trying to outshine the others.

For those interested, today we'll depart very early (around 4 a.m.) for the 45-minute drive to Nebilyer to seek out the **elusive bird of paradise**. Depending on the nesting cycle when we're there, we might see a few types of these beautiful birds—**Raggiana, King of Saxony** and **Stephanie's Astrapia**.

* It's likely the birding area will be muddy. Wear shoes you're OK wearing to tromp through mud/wetlands.

Whether you go birding or not, everyone will have breakfast together in town before making our way to Goroka (approximately a four-hour drive). Along the way, we'll stop at a village to learn about their local traditions, have lunch at a local restaurant and stop at a coffee factory before arriving in Goroka.
